---

Experience 🏢

Web Developer
Groupe Pharmaceutique Duchesnay, Montreal, QC
10/2023 – Present

- Led the migration of the company's bilingual websites, duchesnay.com, medunikcanada.com, and analogpharma.ca, from Joomla to modern tech stacks, including Nuxt.js, TailwindCSS, and Directus.

- Designed and implemented a custom CMS service using KeystoneJS and Nuxt3, hosted in-house on customized servers, enabling seamless management of content, documents, and media.
- Maintained the company's intranet, enhancing internal communication and collaboration tools.
- Ensured adherence to WCAG accessibility standards, improving user experience.
- Provided client support, troubleshooting, and prompt fixes.

Freelance Web Developer
2022 – Present

- Designed and developed responsive Single Page Applications (SPAs) using Nuxt3, Vue, and React, tailored to client needs.
- Built custom CMS solutions with tools like KeystoneJS and Directus, ensuring seamless content management and alignment with client goals.
- Leveraged modern technologies, including TailwindCSS and Framer Motion, to create interactive and visually engaging user interfaces.

Additional Experience 🌟
